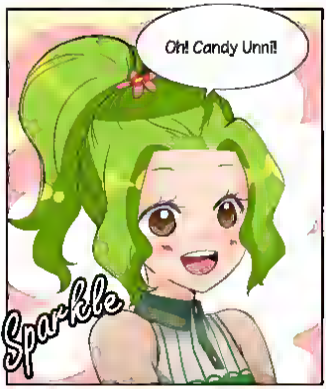
WOMEN, HIDE YOUR AGE! 3

Ah!



Oh! Candy Unni!
Sparkle

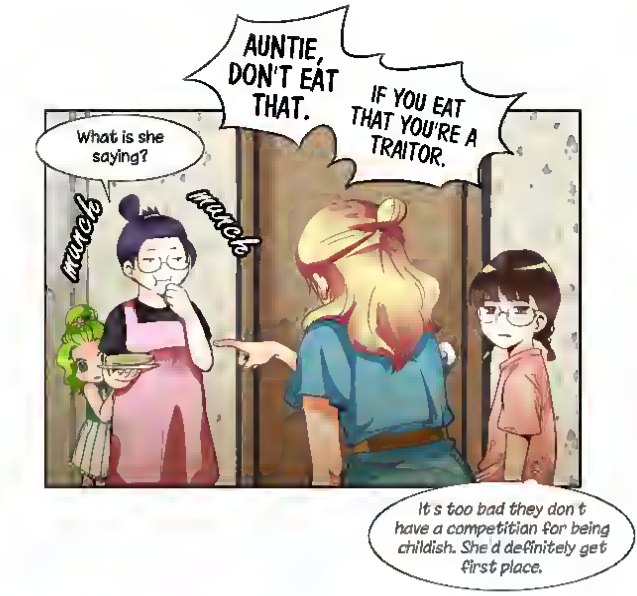
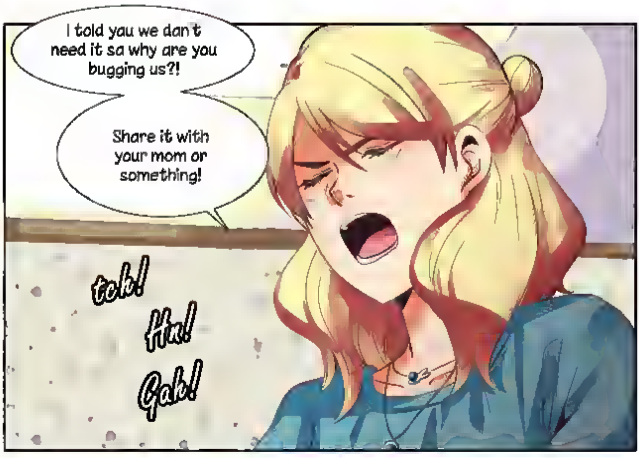
Eeeek!

NO NO NO NO, DON'T COME IN!
NO!!
fling



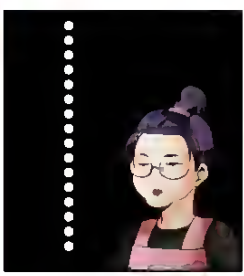
AUNTIE, DON'T EAT THAT.
IF YOU EAT THAT YOU'RE A TRAITOR.
What is she saying?
munch
munch
It's too bad they don't have a competition for being childish. She'd definitely get first place.

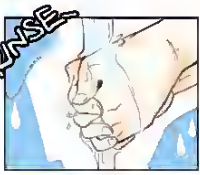
I'm no traitor da-ya.
I bring pancakes da-ya.



I told you we don't need it so why are you bugging us?!
Share it with your mom or something!
tch!
Hm!
Gah!

What the?
pain
Did I say something that harsh?
Why are you yelling at a kid?!
bash!





It hurts! Why are you hitting me?!

Because you deserve it.

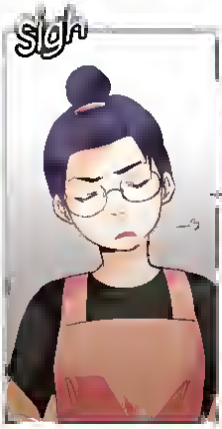
Why are you taking your bad mood out on an unrelated kid?

Um... Auntie, it's not totally unrelated.

What do you mean?
She's that guy's daughter.
No wonder the descriptions sounded familiar...
Um...
I go... go home da-yo.
No, Ruri! Auntie will let you borrow another book!
gasp!
ChaeRim, take her to the room and help her choose.
Uh... Okay.

Come this way.

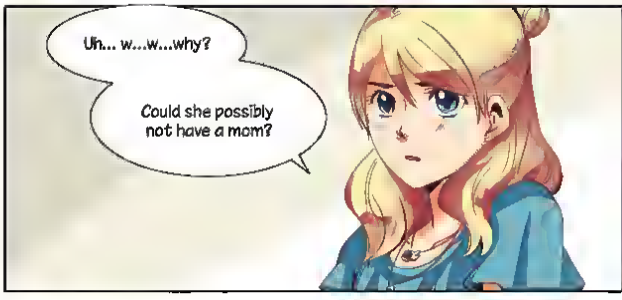
Clak



SOJA

SooJin Mi.
listen closely.
Pshh! I'm not gonna listen!

It is forbidden to say "bother" or "unneeded",
or talk about "mom" in front of Ruri.

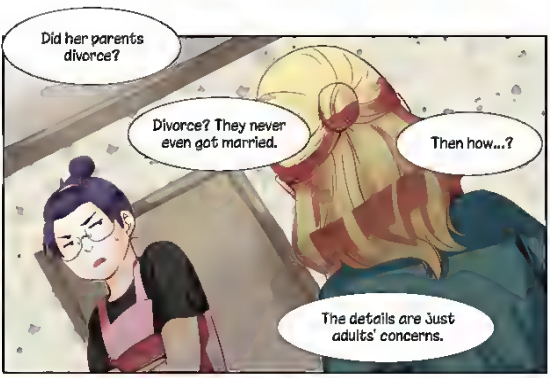


That might actually be better.
Of course it would be painful to lose your mom because of death or a divorce,
but at least she wouldn't think that it's her fault in those cases.

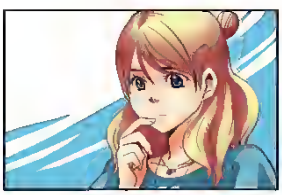
Ruri's mom, who is perfectly alive and well somewhere in this world,

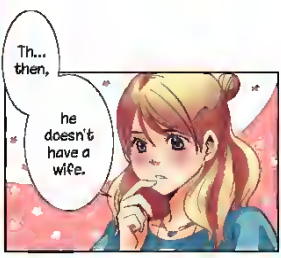
ditched Ruri and left just because she didn't need her anymore and it was bothersome to take care of a child.

Th...that's just...

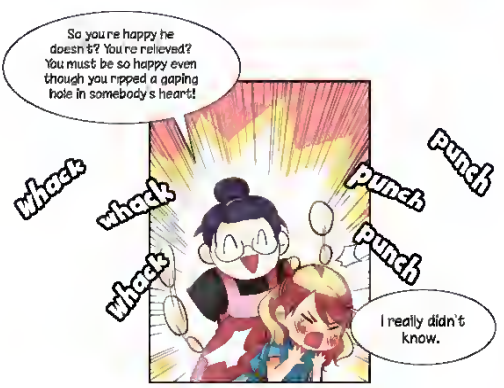


Did her parents divorce?
Divorce? They never even got married.
Then how...?
The details are just adults' concerns.



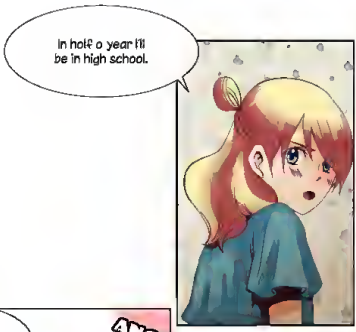


Th... then,
he doesn't have a wife.



So you're happy he doesn't? You're relieved? You must be so happy even though you ripped a gaping hole in somebody's heart!
whack
whack
whack
punch
punch
punch
I really didn't know.

And what are you gonna do even if he isn't married?
You're only a middle-schooler and he's a father.
You might hit on him because you like him, but he will be called a pedophile.



In half a year I'll be in high school.

Aren't high-schoolers minors as well?
Still a long way to go for you to grow up
ANGRY!

It's not like I m saying I'll dote him right away, so why are you getting so serious?

And anyways, they say that love overcomes all boundaries: age, country, gender...
Well that...
It even overcomes monitors.

You...

I can't argue because it's such perfect logic.

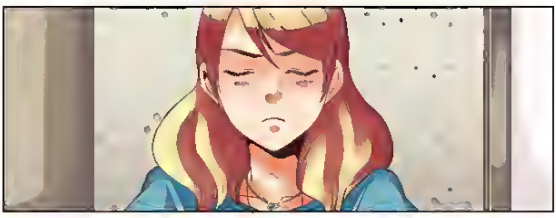
Would my love become a lie as soon as I refute it?

ache
ache
Sigh... Fine. I won't care whether you follow around an aŭssi or a grandpa.
But you better properly cheer Ruri up.
Huh?
Make her feel better? Why should I...?
You kids tend to think that the world revolves around you.
That's why you guys can avoid taking responsibility for your mistakes by passing it off as "I didn't know," "I didn't do it on purpose," or "it's not a big deal."

But what are you going to do about the person who is permanently scarred by your careless words and actions?
Because you didn't know and it's not a big deal for you,
are you saying that you don't need to apologize, since the injured person is just overreacting?

What kind of book is this da-yo?

Oh! It's about this delinquent glasses-guy's two-timing adventure.
No it's not
clak



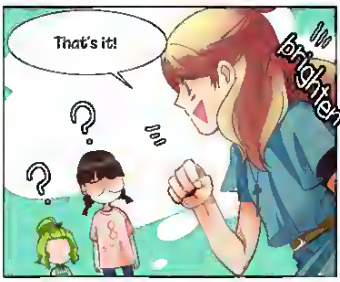
breathe~

Um...

S...s...sor....

What she doing da-yo?
sigh~
Hm... I think she wants to apologize.

Ah!



That's it!
I'll brighten

To be honest, up until now, my getting mad and all was just a test.

Test?

Yes! ChaeRim, Aunt Yuri, Aunt NaYoung, and I are actually part of a secret organization that protects love and justice.
Since you passed the test, you can join us now.
What kind of joke is this? Why are you bringing us into this?

Then yelling this afternoon was test too, da-yo?

Y...yes.

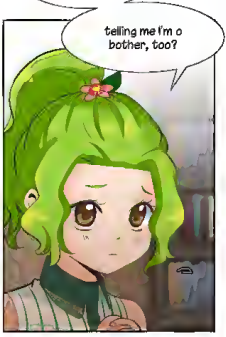
Telling me get out, too?

It was a test!

Giving me spicy candy, too?

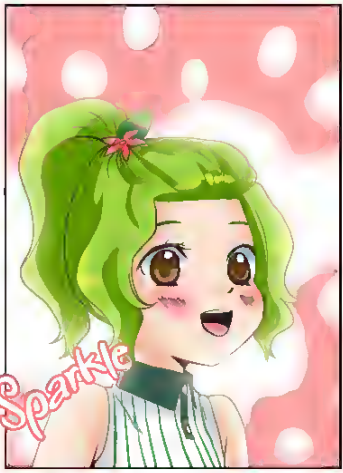
Then...

telling me I'm a bother, too?

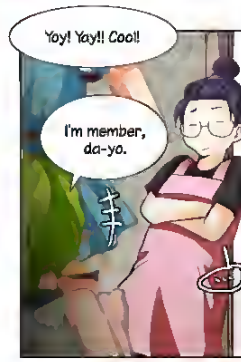


That was a lie.

We really *need* Ruri as a member.

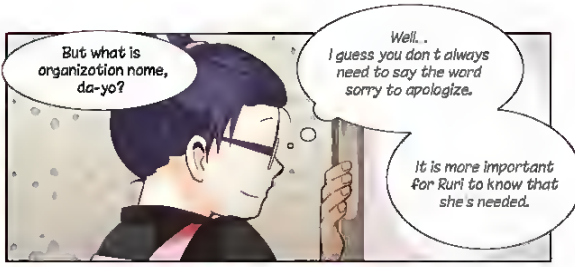


Sparkle

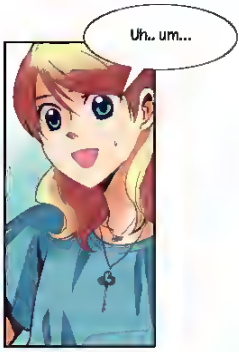


Yay! Yay!! Cool!
I'm member, da-yo.

Sigh... I guess you just can't cough up an apology.
Kids, pride these days.



But what is organization name, da-yo?
Well.. I guess you don't always need to say the word sorry to apologize.
It is more important for Ruri to know that she's needed.



Uh.. um...

Most distinguished of the distinguished, S Girl's Middle School

Is an all-girls' school priding itself on a long tradition.

The S High School and

the S University were both established by the same foundation, with as much history.

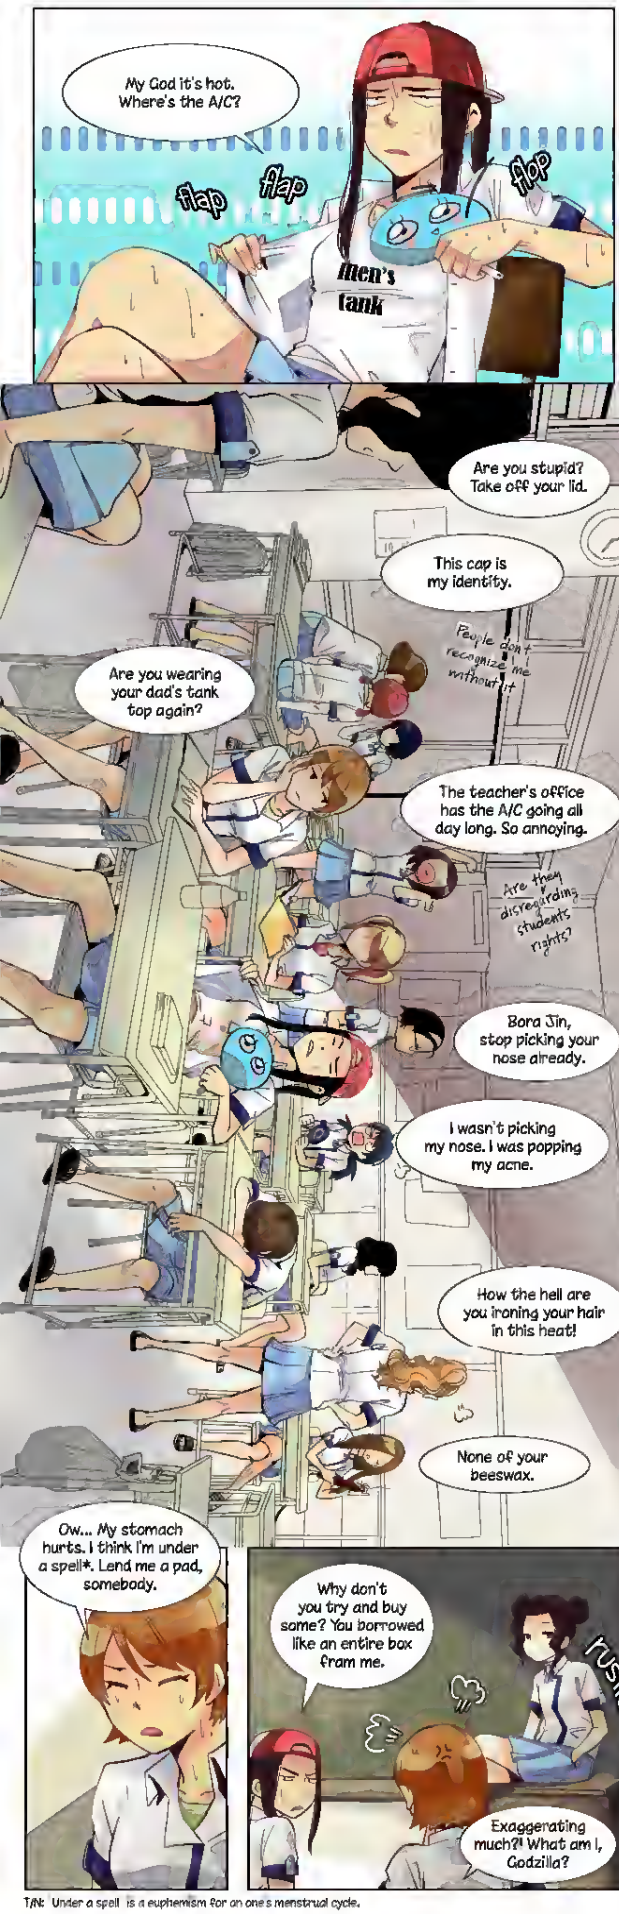
Probably because of that tradition and its relatively veiled image,

S Middle School (as well as the High school and University) is viewed as the symbol for purity, chastity, and innocence.

However the reality...

Dear, Only You Don't Know!

당신만 몰라!



My God it's hot. Where's the A/C?
flap

Men's tank
Are you stupid? Take off your lid.
This cap is my identity.
People don't recognize me without it
Are you wearing your dad's tank top again?
The teacher's office has the A/C going all day long. So annoying.
Are they disregarding students rights?
Bora Jin, stop picking your nose already.
I wasn't picking my nose. I was popping my acne.
How the hell are you ironing your hair in this heat!
None of your beeswax.
Ow... My stomach hurts. I think I'm under a spell*. Lend me a pad, somebody.
Why don't you try and buy some? You borrowed like an entire box from me.

Exaggerating much?! What am I, Godzilla?

T/N: Under a spell is a euphemism for on one's menstrual cycle.

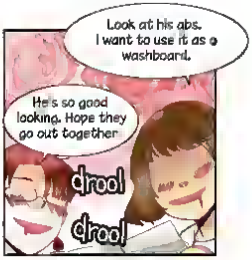
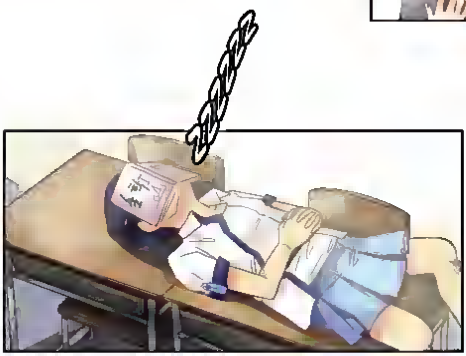
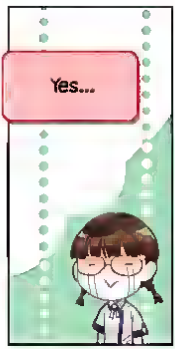
YOU WANNA DIE? WHY ARE YOU THROWING THAT KIND OF THING AROUND?!
What's up with letting them fly a little?
I'm sure they want to fly since they have wings.
I don't think the wings are there for them to fly with.







Never mind purity and innocence,

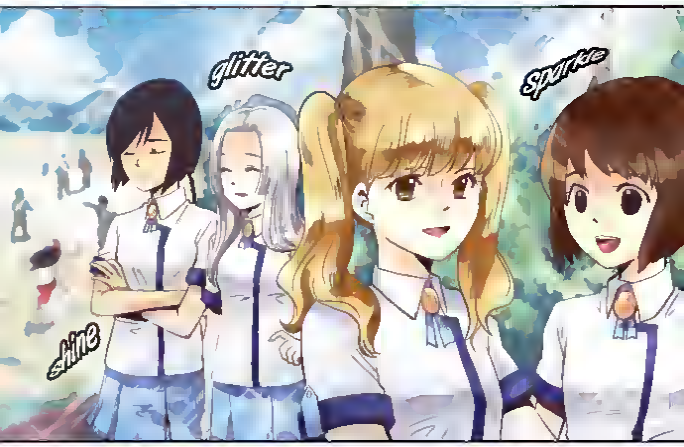
This is a scary place where even the calm and dainty kids eventually toughen up.

Dude, look at ChaeRim! She's a genius.

I call the pail tomorrow!

But surprisingly...

They turn completely around outside of school.

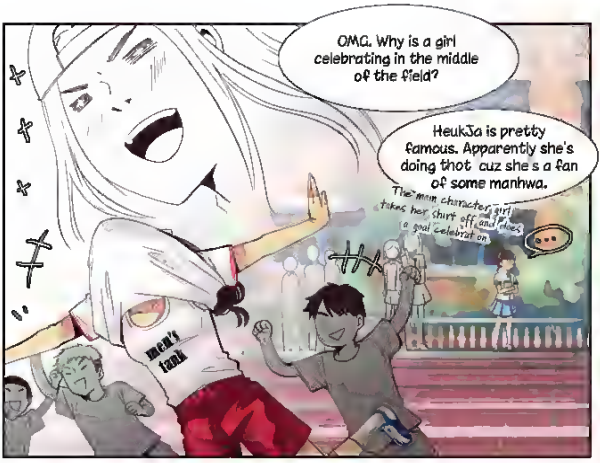


Of course there are natural prudes among them,

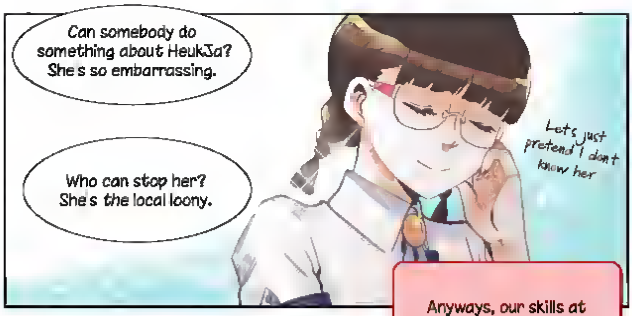
but there are those who believe that they must live up to the fantasies others have of them,

as well as those who enjoy the admiring looks.

...that all of them are drastically different outside.



OMG. Why is a girl celebrating in the middle of the field?
Heukja is pretty famous. Apparently she's doing that cuz she's a fan of some manhwa.
The main characters girl takes her shirt off and the a goal celebrat on.
...
Real's trash



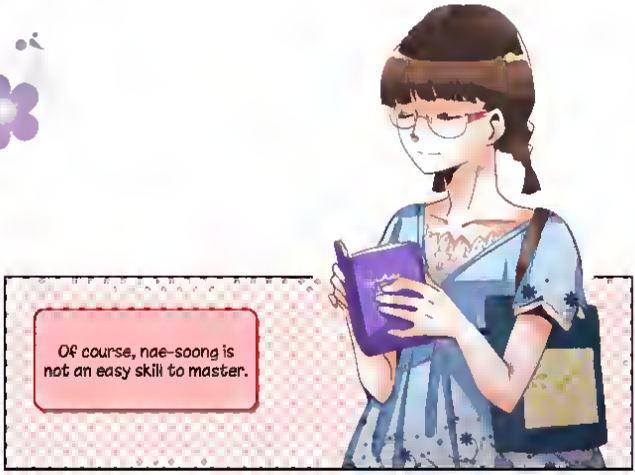
Can somebody do something about HeukJa? She's so embarrassing.
Who can stop her? She's the local loony.
Let's just pretend I don't know her

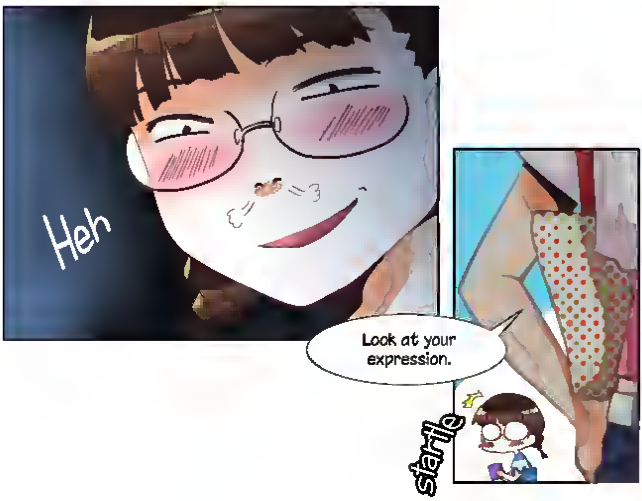
Anyways, our skills at hiding our gruesome selves are improving day by day,

and this girl's skill that makes a girl look like a girl

is called 'nae-soong.'

T/N: faking innocence and girlishness





Although creating something from nothing with just your imagination is the mindset of a true enthusiast.
Heh~
It's a wonder. How do you maintain first place in the entire school when you're always reading manhwas and novels?

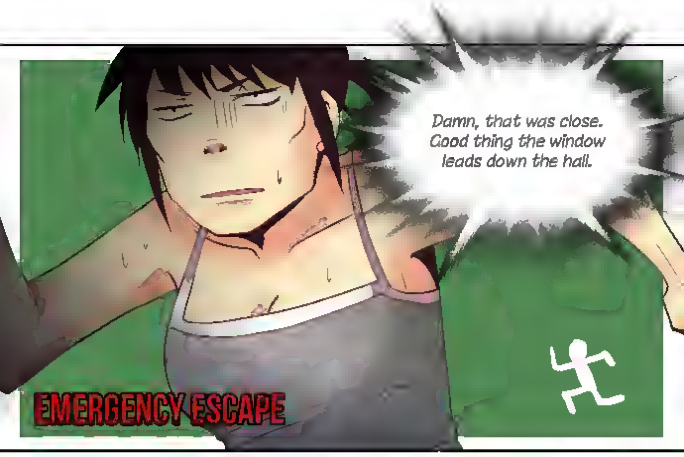
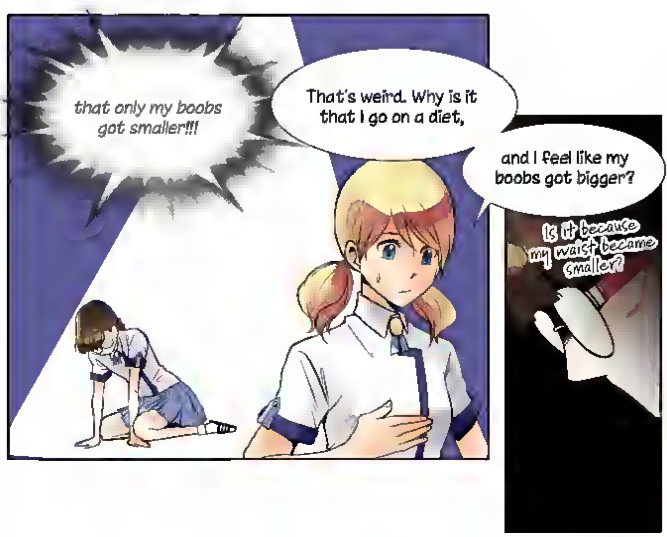
Um... that's...



"My man" at heart

SOOJIN & CHAERIM'S RESULT



that only my boobs got smaller!!!
That's weird. Why is it that I go on a diet,
and I feel like my boobs got bigger?
Is it because my waist became smaller?

What do you want me to do about it?

JINHUI'S RESULT

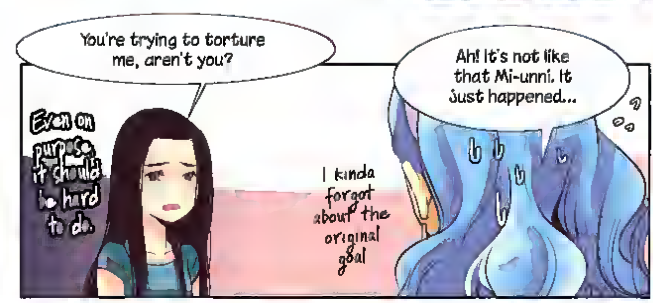
A legend was created in a week.

MIMI'S RESULT

A GAME TO FORGET ABOUT FOOD.

T/N: LIKE THE JAPANESE SHIRITORI. IT IS A GAME WHERE A PERSON HAS TO FIND A WORD THAT STARTS WITH THE LAST SYLLABLE OF THE PREVIOUS WORD - FOR CONVENIENCE I'LL KEEP THE KOREAN WORDS.



You're trying to torture me, aren't you?
Even on purpose, it should be hard to do.
I kinda forgot about the original goal
Ah! It's not like that Mi-unni. It just happened...

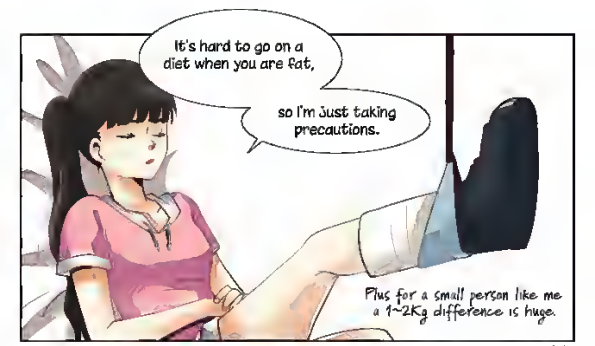
I just keep thinking about food

A week later, I let them know that the scale was rigged.

WHY DO YOU OBSESS OVER YOUR WEIGHT?

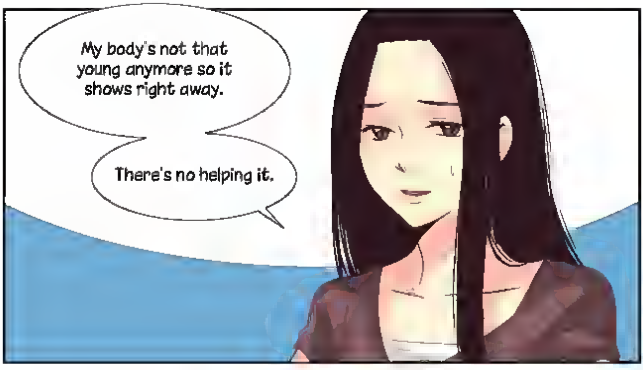
Well they say that your body line is more important than the digits on the scale,
but men have a tendency to think that a girl over 50Kg is obese.
What are girls as tall as me supposed to do!

T/N ~110LBS

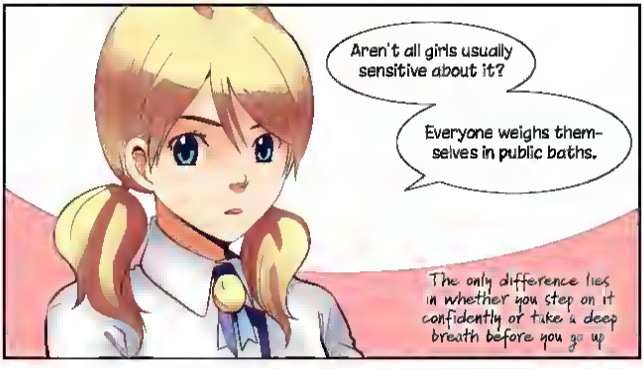


It's hard to go on a diet when you are fat,
so I'm just taking precautions.
Plus for a small person like me a 1~2Kg difference is huge.

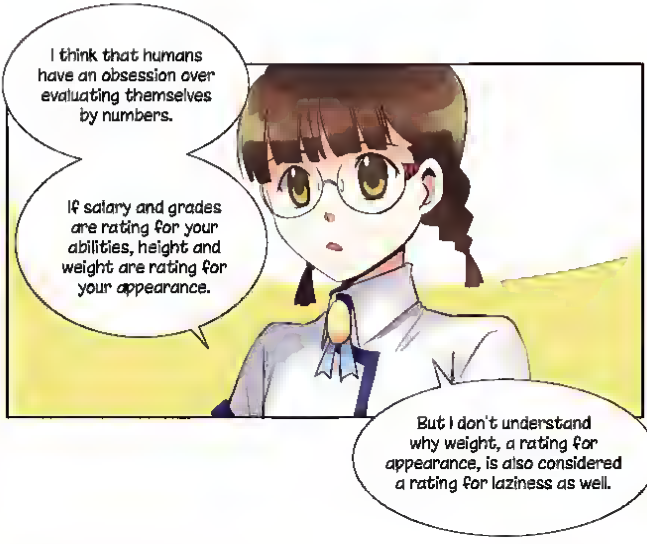
T/N ~2-5LBS



My body's not that young anymore so it shows right away.
There's no helping it.



Aren't all girls usually sensitive about it?
Everyone weighs themselves in public baths.
The only difference lies in whether you step on it confidently or take a deep breath before you go up



I think that humans have an obsession over evaluating themselves by numbers.
If salary and grades are rating for your abilities, height and weight are rating for your appearance.
But I don't understand why weight, a rating for appearance, is also considered a rating for laziness as well.

bzzzt~~are you~ chiiiii ~still here

pzzzzzt~ get the~
bzzccchh *beeep* out~

Summer is a season that makes girls sensitive since it is a season for skin exposure.

The war between women and weight still continues this year.

A VERY SPECIAL EXPERIMENT FIN

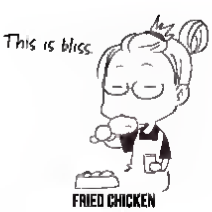
Of course there are people who do not care about weight.



A woman who survives summer with chicken and beer.

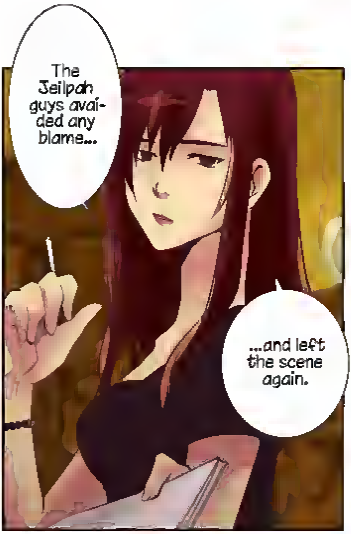
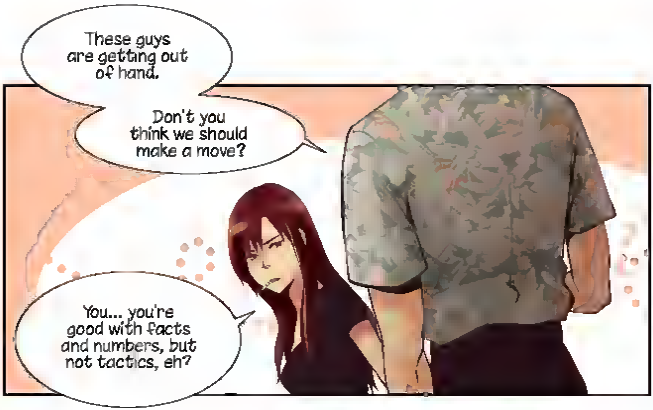
Hoo...

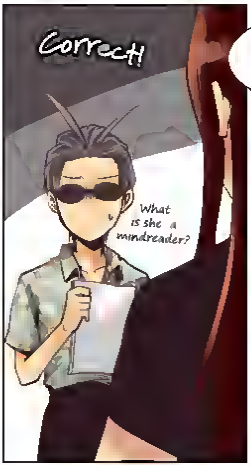


The Jeilpah guys avaided any blame...
...and left the scene again.

That's how they always operate.



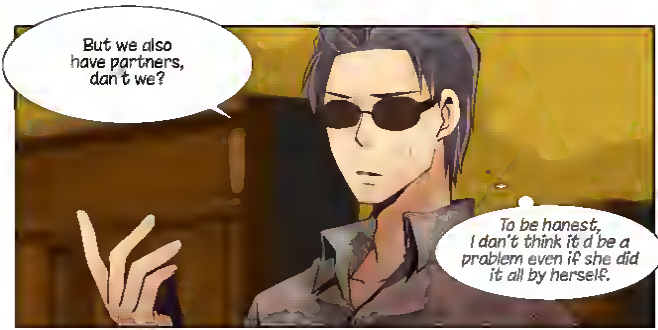
These guys are getting out of hand.
Don't you think we should make a move?
You... you're good with facts and numbers, but not tactics, eh?



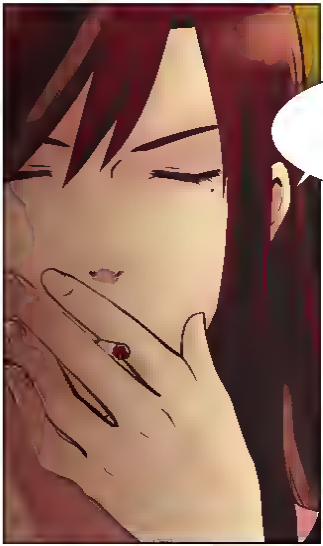
If it was going to work out just by pressuring them, I would've done it a long time ago.

It wouldn't even have come to me since my dad would've done it.

An average-sized gang is bound to have ties with other groups.
If we attack Jeilpah without cause, we'll antaganize all of its allies.

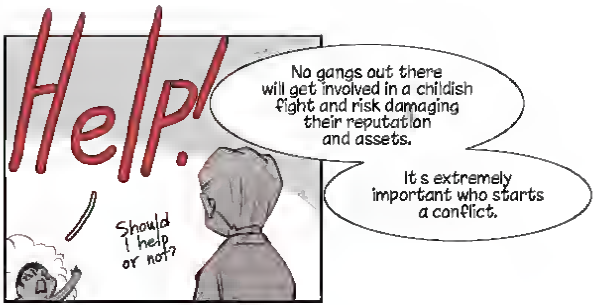


But we also have partners, don't we?
To be honest, I don't think it'd be a problem even if she did it all by herself.

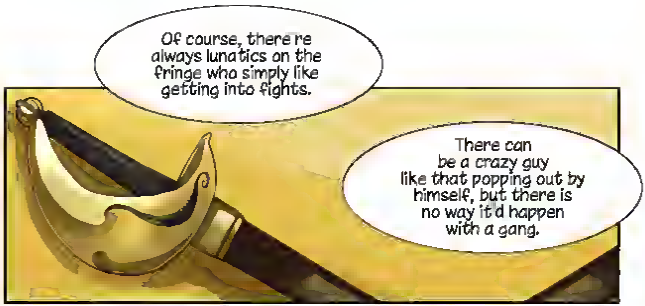


If my friend were attacked for no reason, I would help,
but would I help a kid that comes crying to me after instigating a fight?

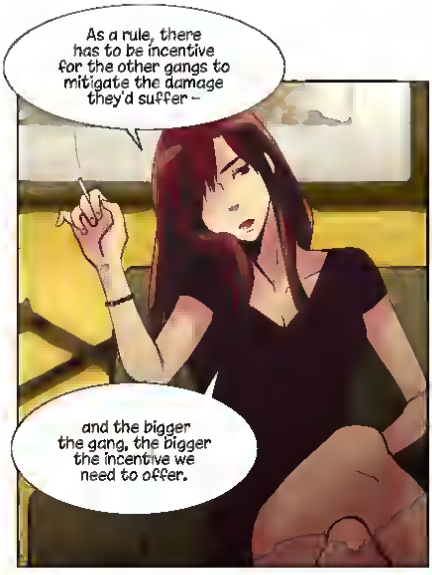
Not to mention that an alliance between gangs is purely business, not friendship.
This will be of mutual benefit Lets shake on it
Agreed



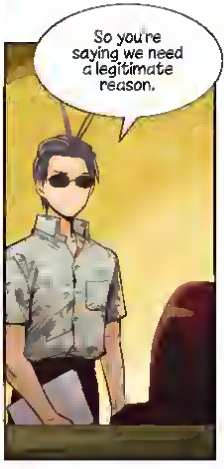
Help!
Should I help or not?
No gangs out there will get involved in a childish fight and risk damaging their reputation and assets.
It's extremely important who starts a conflict.



Of course, there're always lunatics on the fringe who simply like getting into fights.
There can be a crazy guy like that popping out by himself, but there is no way it'd happen with a gang.

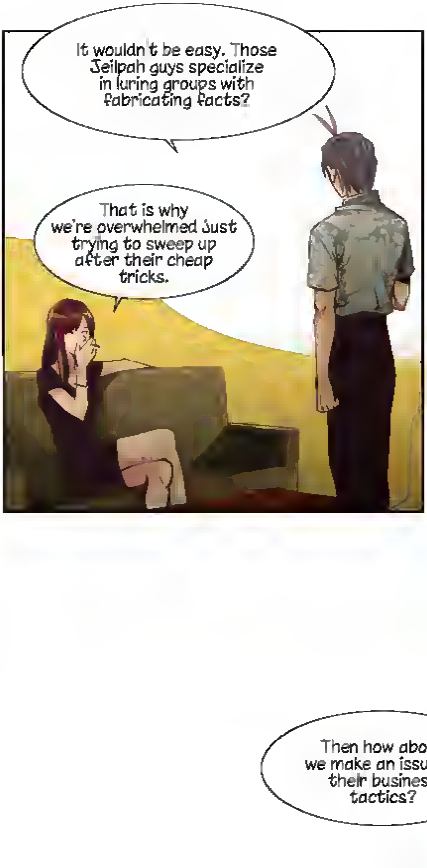


As a rule, there has to be incentive for the other gangs to mitigate the damage they'd suffer –
and the bigger the gang, the bigger the incentive we need to offer.



So you're saying we need a legitimate reason.

Precisely. History is full of examples where rotten evidence is fabricated for motivation.



It wouldn't be easy. Those Jeilpah guys specialize in luring groups with fabricating facts?
That is why we're overwhelmed just trying to sweep up after their cheap tricks.
Then how about we make an issue of their business tactics?

That's like lying down and spitting on your face.*
Even if we cleaned up everything now, our record as Yellow Dragon-pai is not all that spotless.

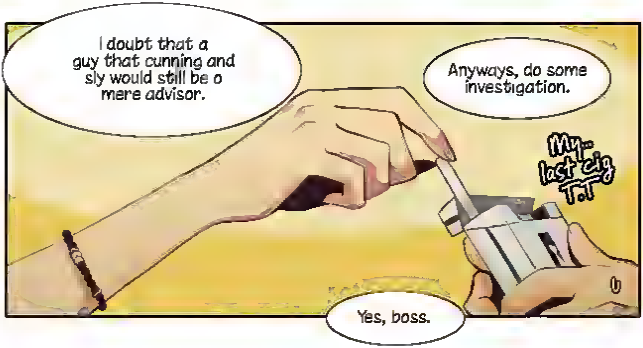
(T/N: I'd am ~if you lie down and spit, that spit will end up on your face, i.e., a self-defeating action)

Both then and now.

...

But however much I think about it, I doubt that guy is behind this.
I think they have their brains somewhere else.

I guess they might have an advisor.

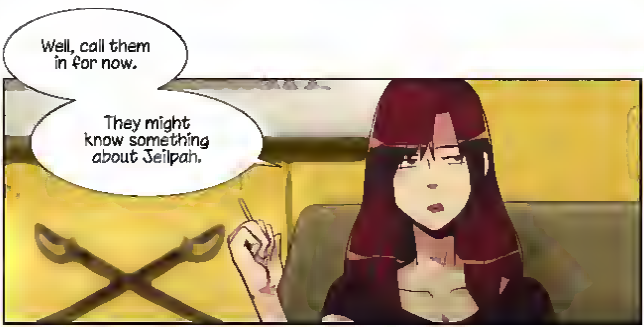


I doubt that a guy that cunning and sly would still be a mere advisor.
Anyways, do some investigation.
Yes, boss.

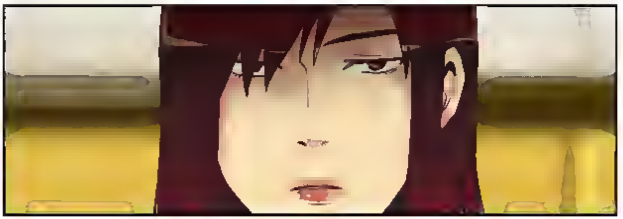
What should we do about the Fleapah Coalition?

What coalition?
We just took a few of them in because they surrendered.

Well, they are a small scale gang.

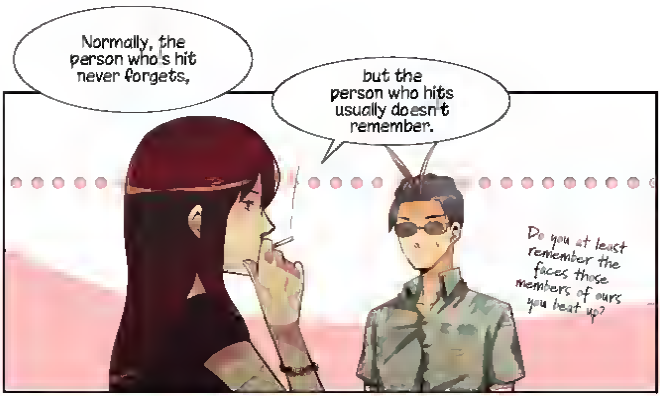


Well, call them in for now.
They might know something about Jellpah.

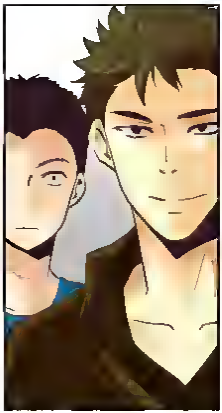


Hm... What
shall I say...

Did they look like this?
You don t remember?



Normally, the person who's hit never forgets,
but the person who hits usually doesn't remember.
Do you at least remember the faces those members of ours you beat up?



Hm.

Before I ask about Jeilpah, should we begin with initiation?

If you want to leave, you can leave right now.
I won't slap the back of your head like in the movies.
However if you want to stay in our gang,

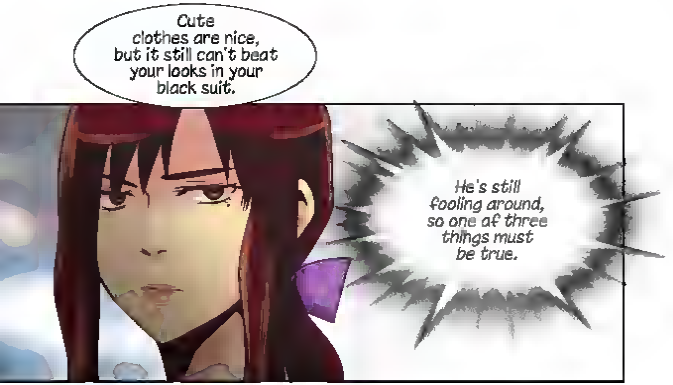
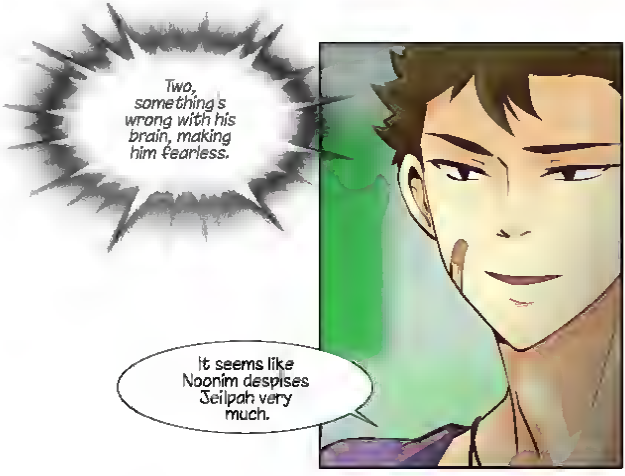
It's Noonim isn't it?
I almost didn't recognize you.

I thought I told you to ignore me if we meet when we're outside, unless there's an emergency.
Do you want to die?
Noonim was wearing such cute clothes that I was doubting myself.



Cute clothes are nice, but it still can't beat your looks in your black suit.
He's still fooling around, so one of three things must be true.

One, he is so stupid that he still hasn't figured out the hierarchy,
Speaking of which, there's something that I've been curious about.



Is there some special reason?

Or, three, he has some ulterior motive in mind.

You should worry for the perverts.

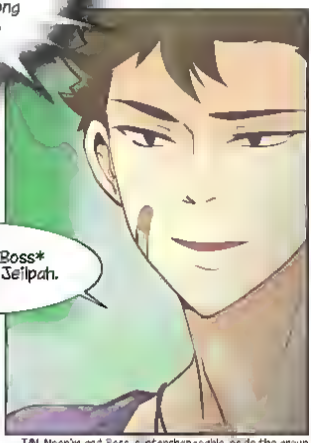
He's still fooling around, so I guess it's one of these three possibilities.

He's either so stupid that he still hasn't figured out the hierarchy,

Or he's lost his sense of fear because something's wrong with his brain,



It seems like Boss* really despises Jellpah.

Is there some specific reason?

Or, he has some ulterior motive in mind.

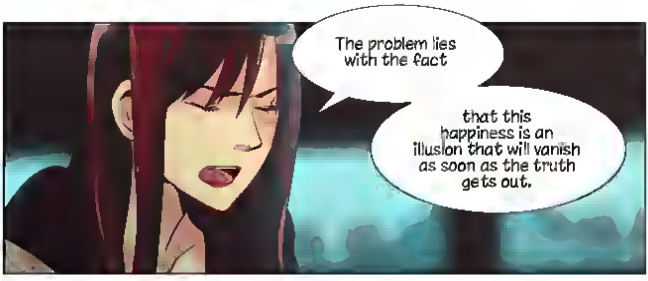
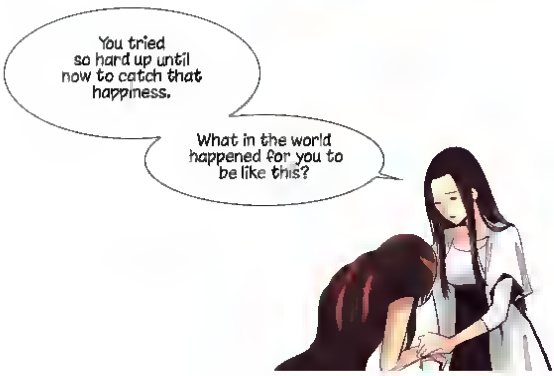
No. I'm more worried because we're so close.

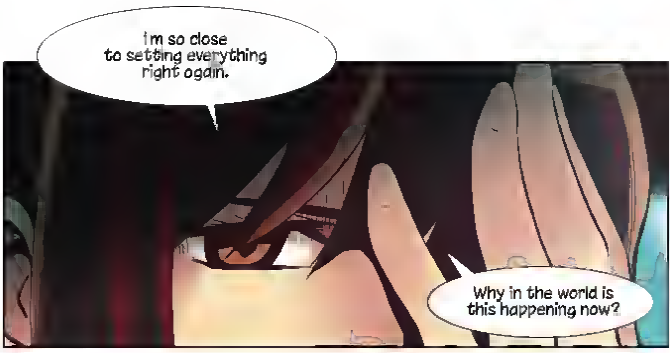


The problem lies with the fact
that this happiness is an illusion that will vanish as soon as the truth gets out.



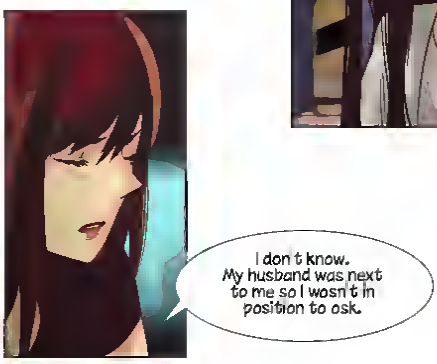
You tried so hard up until now to catch that happiness.
What in the world happened for you to be like this?

A guy who calls himself SoRa's younger brother showed up out of the blue today.
No. It's more like he revealed himself than just appeared.



I'm so close to setting everything right again.
Why in the world is this happening now?

SoRa's younger brother?
Did SoRa wake up?



I don't know. My husband was next to me so I wasn't in position to ask.

Honestly, I'm not even sure if he really is SoRa's brother.

Is that so?
Didn't that distant relative, who volunteered to be my and my sister's guardian to claim our insurance, say anything?

He told me that Sora has a younger sibling named Sori who was sent overseas for adoption.

Is that supposed to be you?

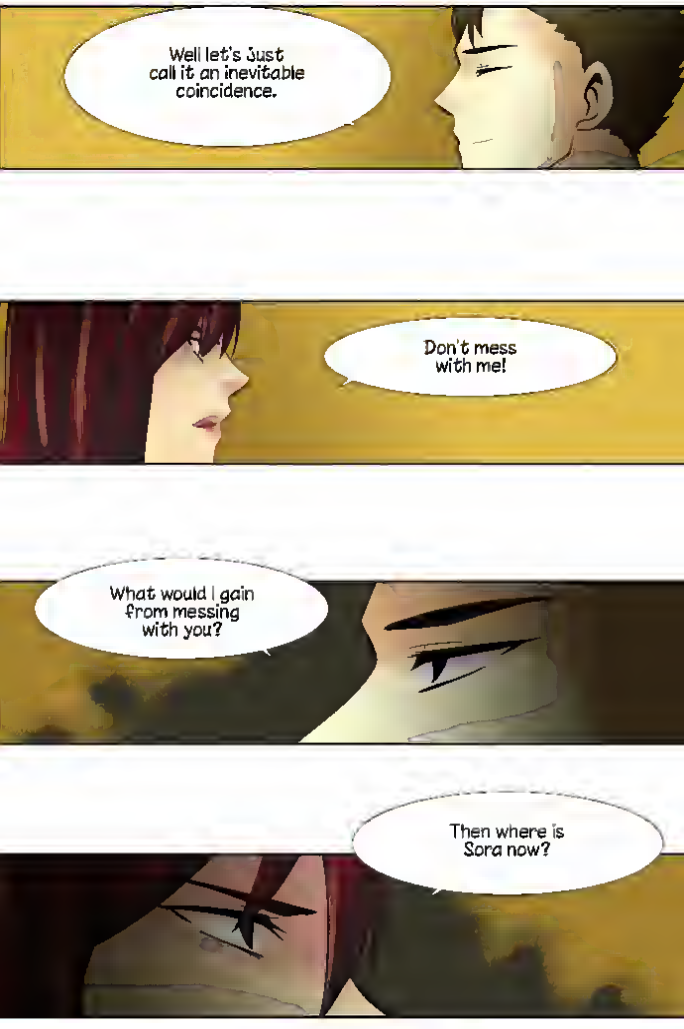
Sori was my name before adoption.

I did travel quite some distance to meet you, Noonim.

If you wanted to meet me, you could've just revealed your identity and arranged a meeting.

You never appeared when I looked for you like crazy, then you use the gang, of all other methods, to finally show yourself.

And you expect me to believe you?



Well let's just call it an inevitable coincidence.
Don't mess with me!
What would I gain from messing with you?
Then where is Sora now?

Why do you want to know?
pft

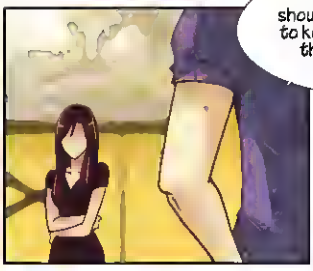
Are you finally planning to pay penance?
That I...
Oh yeah! Didn't you ask me before if I wanted anything?
There's one thing.
It's nothing big.

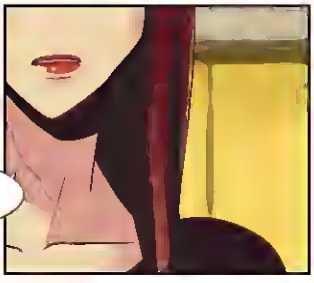
My only wish is to be able to see you every day, just like now, as a member of Yellow Dragon pah.

Don't fret.

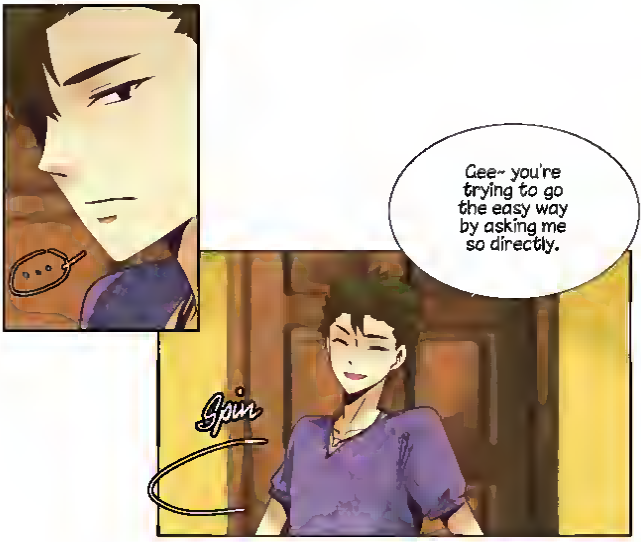
I'll just be a regular member of the organization in front of other people.

In return, it should be fair for me to keep quiet around the people near you, right?





Could you.... possibly be...



Am I really Sori?

Where is my sister?

How much do I know?

What do I plan to do from now on?

Isn't it your role to wonder about all those questions?

You really think I'll intentionally leave you near me and rot my brain with worry?

Gee Noonim.

Of course you'll keep me nearby.

Because that way,

...you can also keep an eye on me.

His past owner, who gave him painful memories and the doctor, who neutered him happened to be males,
and both his temporary keeper, and you, his current owner are females.
Of course there's also the fact that men are bigger so look more threatening
He must have been conditioned to believe that males are scary and females are okay.

So I'm asking how you knew about those things.
I just... saw it that way?

What do you mean by that? Then tell me what I'm thinking right now.

Humans are kind of hard...

An animal's signs are comparatively simple and honest.
It's a Stranger! Good Gosh!!
Hello owner good to see you.
but humans... especially females are extremely complicated.

It already gets confusing when they don't say exactly what they mean or keep a hidden message behind their words.
If it isn't the way it doesn't seem it is then it isn't is it?

Just go!! Go away!
Their actions and words can be complete opposites,
Although you can kind of tell what kind of mood they're in.

By the way, our boss seems like she's in a terrible mood so be careful.
Stop that. It's scary cause you keep talking like there really is something.

Anyways, we got a shipment of pool balls among other things right?
What are pool balls?

You know, those colorful plastic balls the size of a fist.
I see! They're called pool balls.

Did you receive items without double-checking the names and quantity?
Yes.
How can you not know to do that!

Yes, you say. If there's an error, it's going to be deducted from your paycheck.
Anyhow, bring the pool balls. I'm going to put them in the playroom.

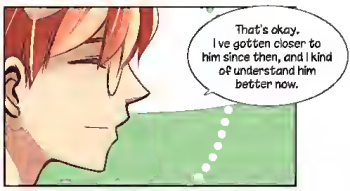
No, not yet.

I get it. I'm going, I'm going.
Bye.
What's up?
Why doesn't it occur to her that I don't want to go since all she does is nag at me?

Remember I told you that I have to go down to the country-side for my cousin's wedding today?
I'm really sorry, but I have to leave early.
In exchange, you can take tomorrow afternoon off.
Eh? You're not taking Hopi with you?
It won't be pretty taking him on a long-distance bus.
What's the use of pet hotels if not for times like this?

Hopi normally doesn't bite people unless he is touched,
but should I muzzle him because of last time?



That's okay. I've gotten closer to him since then, and I kind of understand him better now.

Oh yeah? Well then, I'll be off.

I thought maybe he was stressed from going back and forth.

The vet says there isn't any problem.

I wonder if he's still mad about me leaving him?

He's okay when I leave home to go to work so why...?

He's doing that because you give him extra attention when he doesn't eat.

I'm sure he'll start eating soon if you just let him be.

Hm.

You think so?

If he starved for a week he must be hungry. What a stubborn little guy.

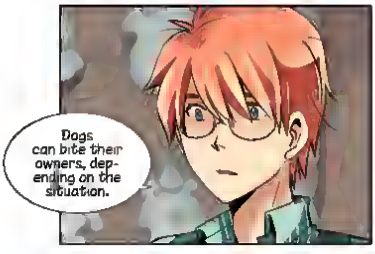
EVEN
IF YOU HIDE,

GRAB

!!

It's so frustrating.

A man who doesn't help if told not to

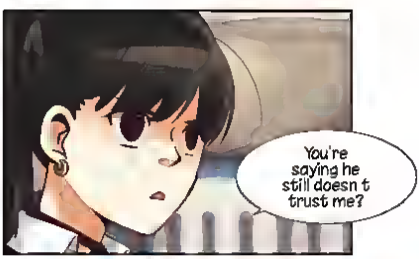


Well, dogs are fundamentally loyal.

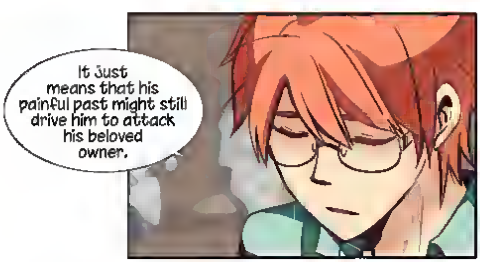
If you train them as puppies, it would be surprising if they bit you because of a little teasing.

That's because they're loyal and believe that their owners would never harm them.

But Hopi, who has been abused repeatedly, believes that his owner can harm him.
If you don't approach him with care, he'll feel threatened and react instinctively.



You're saying he still doesn't trust me?

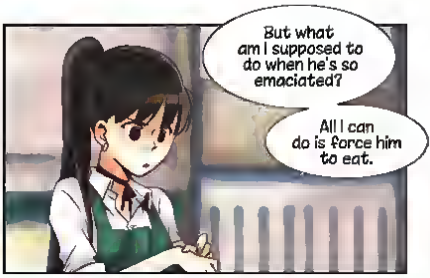


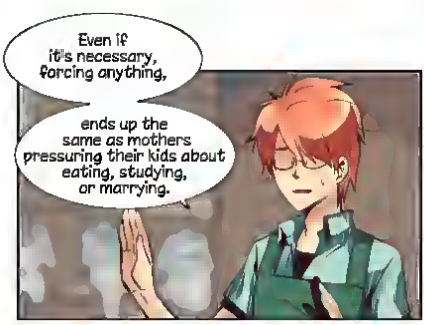
It just means that his painful past might still drive him to attack his beloved owner.

Haven't you even had some bad experiences that made you unnecessarily sensitive to any similar events?

You're just like a cute little sister to me.

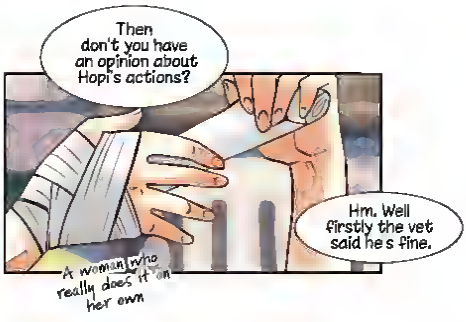
You devoted yourself to me because you wanted to.



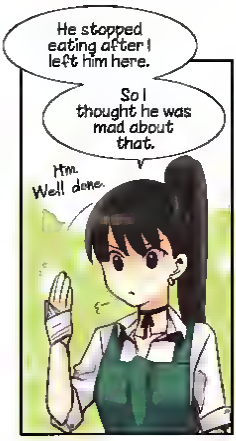


Even if it's necessary, forcing anything,
ends up the same as mothers pressuring their kids about eating, studying, or marrying.

If it continues, it leads to "eating = something I hate."
First, eliminate his reason for not eating. Then, induce him to eat little by little.
This guy – wasn't he supposed to be an airhead? The departure from his usual personality leaves me... disorien-ted...
You're so knowledgeable. Did you study animal psychology?
No. It's just from listening to the animals' stories.
Well there's no way you can hear animals' voices.
Are you sure you're not mistaking your empathy with them for hearing their voices?
If you can really hear their voices, you'd have already known why Hapi wasn't eating.
You think? It is more like a feeling than a sound, but I don't think I'm mistaking it.
Maybe you should also go to a hospital.



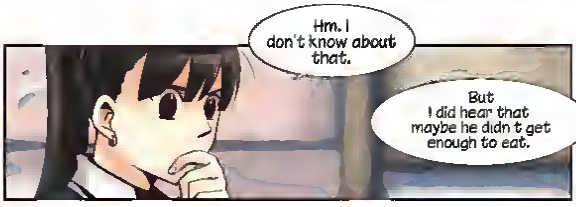
Then don't you have an opinion about Hopi's actions?
Hm. Well firstly the vet said he's fine.
A woman who really does it on her own



He stopped eating after I left him here.
So I thought he was mad about that.
Hm. Well done.

There wasn't anything unusual apart from not eating.
laid-back dog

Then it might've been a trigger for some bad memories.
Bad memories?
Like maybe his ex-owner beat him whenever he ate.



Hm. I don't know about that.
But I did hear that maybe he didn't get enough to eat.

His ex-owner was apparently a papillon breeder.

Papillons are pretty rare in this country, and purebreds are super expensive, so they do rake in the cash.

But of course a purebred of any species is expensive.

I am a pet dog that was loved by the French royalty

But something went wrong during breeding, and he got a mixed-breed litter.

Whine

Squeal

Squeal

Purebreds can be sold even when they're a bit grown,

...but mixed-breeds are cheaper and almost never get sold unless they're puppies.

WHINE

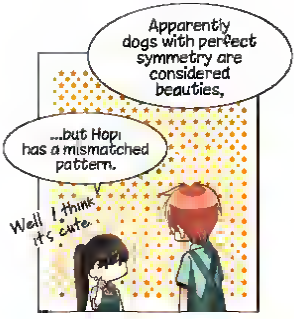
WHINE

He somehow sold all Hopi's littermates,

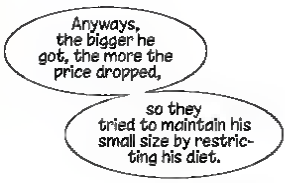
...but Hopi wasn't sold because of his pattern.

SNO-O-OF

Pattern?

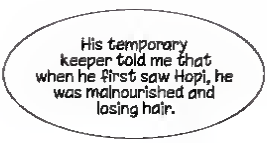


Apparently dogs with perfect symmetry are considered beauties,
...but Hopi has a mismatched pattern.
Well I think it's cute.



Anyways, the bigger he got, the more the price dropped,
so they tried to maintain his small size by restricting his diet.

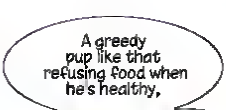
rumble



His temporary keeper told me that when he first saw Hopi, he was malnourished and losing hair.

droo-oop

Probably that's why, even if he knows I'm around while he's eating, he's still very selfish about food.
If you leave him be, he'll eat until his stomach explodes.
You're going to fall in
gulp
gulp

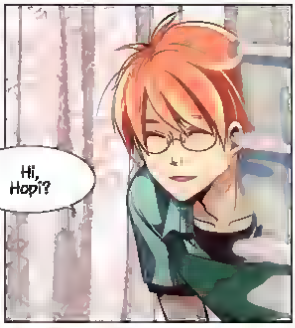


A greedy pup like that refusing food when he's healthy,

it's not even like he's on a diet.
Oh...

...maybe that's it.

What?



Hopi, why won't you eat?

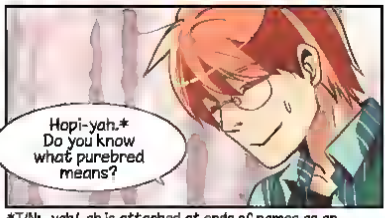
Nuna is upset.
sigh

Won't you tell me anything?

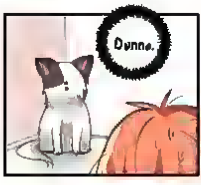
Are you...

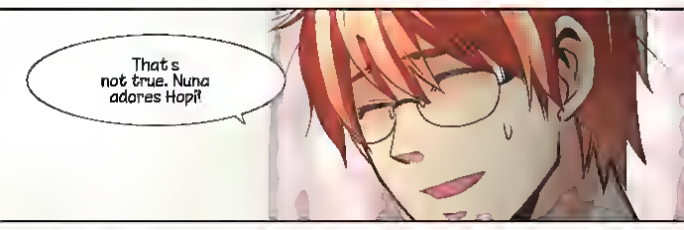
...refusing to eat because you don't want to get bigger?
Vince
Op...

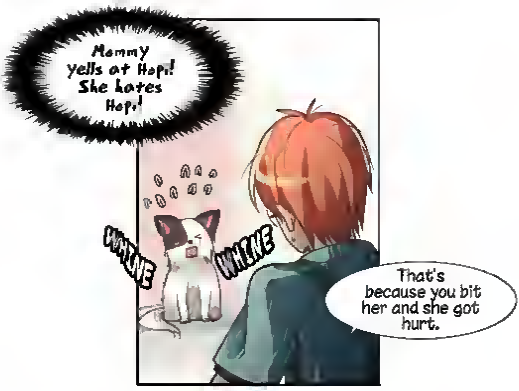
Stop calling me big!
I don't like big!
I like small!
Why? Big is cute, too.
You're the opposite of your owner.
DON'T CALL ME LITTLE!



*T/N: -yah/-ah is attached at ends of names as an endearment, sort of







Mommy yells at Hop! She hates Hop!

Mommy!

What?
He was really on a diet?
Gulp
Gulp
With so many dogs here, you can't give Hopi all your attention,
so he was feeling excluded, and it exploded the day you left.
On top of that your wounded leg needed attention at home.
Not eat because of loneliness?
No, not like that.
Hopi is pretty aloof, right?
Hm? Yeah.
He doesn't really warm up to you. I would say he's very... reserved?
clean

That's his present personality, but no one ever babied him.
So he doesn't know how to open up to people and act cute.
gasp gasp Now I'm full
So when he feels lonely for you, he acts differently than other dogs.
You're male but I'll make an exception and let you touch me.
T-Thank you
And that's dieting?
His first owner taught Hopi that only purebred or small dogs are popular.
But he doesn't fully understand, only that smaller guys get loved.
So he fasted to get smaller.

But he can't get smaller by not eating.
They think differently than humans.
PANT
PANT
Hopi just wanted your love.
Hey.
This is the first time I've seen a man touch Hopi.
All right! I'll admit that you're an animal-whisperer.
What's that?
People who communicate with animals.
You didn't even know your own abilities?

Uh-huh
That's more like you.
When it comes to humans,

...nothing ever goes the way it is planned.
Pat
Woah, your wrinkles are gone.
That's a relief.

S-S-STUPID, DON'T TOUCH ME AS YOU LIKE!

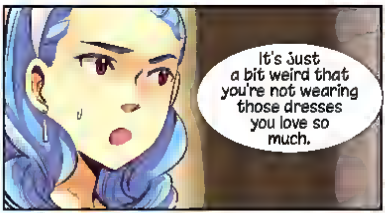
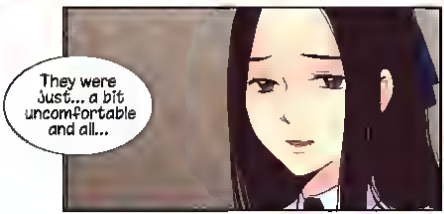
Eh? What's going on?

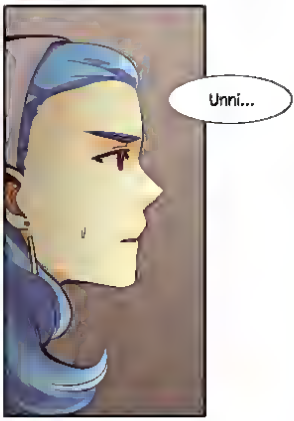
Does it look weird?
Of course not. Any outfit would look great on you.



It's just a bit weird that you're not wearing those dresses you love so much.



They were just... a bit uncomfortable and all...



Unni...

You're free to wear whatever you want. The one who intentionally mis-interprets is the bad guy.
And above all else, wearing a dress....

I must've been out of my mind.
This man is currently remembering the things he did while he was drunk

He is very aware of the fact that he said something he shouldn't

He also knows that the victim was hurt by his words.
However,

He feels that apologizing would be like admitting he was wrong.

That's right. We thought it'd be more efficient if ShiHanssi did it.
That might be true,

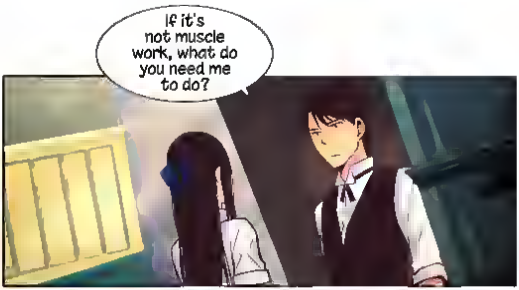
You, too, ShiHan-ssi, you shouldn't do these things for them so casually.
Don't use your help to enable slackers. Please help only when there's an absolute need.

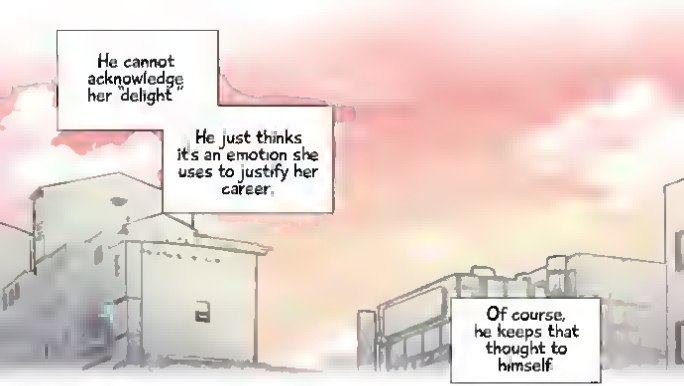
Aren't you also using me for heavy labor, anyways?

Also, it's only for a week. I don't care if I do those jobs.
I didn't ask for your services just to exploit your strength.
Then, do you expect me to sell my smiles like you?
However, ShiHan is sober today, so he buries these words inside



If it's not muscle work, what do you need me to do?

ShiHan, you just haven't had enough time to get a feel for this place yet. But, at heart you're a genuinely nice guy..
So when I get talking with the customers, you should be able to feel some of the delight I feel at this place.



He cannot acknowledge her "delight"
He just thinks it's an emotion she uses to justify her career.
Of course, he keeps that thought to himself.

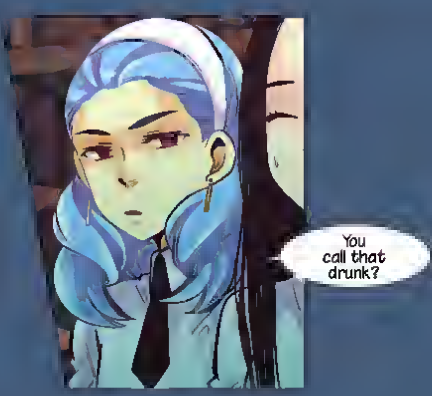
I'm very sorry.
Check please.
Thank you. Come again.
Yes...

It would be nice if she came just once more before ShiHan-ssi's part-time job ends.
Eh?

I'm not sure I can handle it next time if she is as drunk as today.



You call that drunk?

What, that doesn't even count as being drunk?
No, she really wasn't drunk.

All the cocktails we brought that customer today were non-alcoholic.
Unless she has a special condition, no way was she drunk.
Is it okay to sell virgin cocktails in a bar like this?
So what? The customer ordered "a pretty cocktail that women like."
I made exactly what she ordered.
And anyways, customers like that don't come to the bar for the drinks, but for the atmosphere.
HEY HEY
On top of not being used to alcohol, she doesn't know her limit, so she's likely to drink like a fish

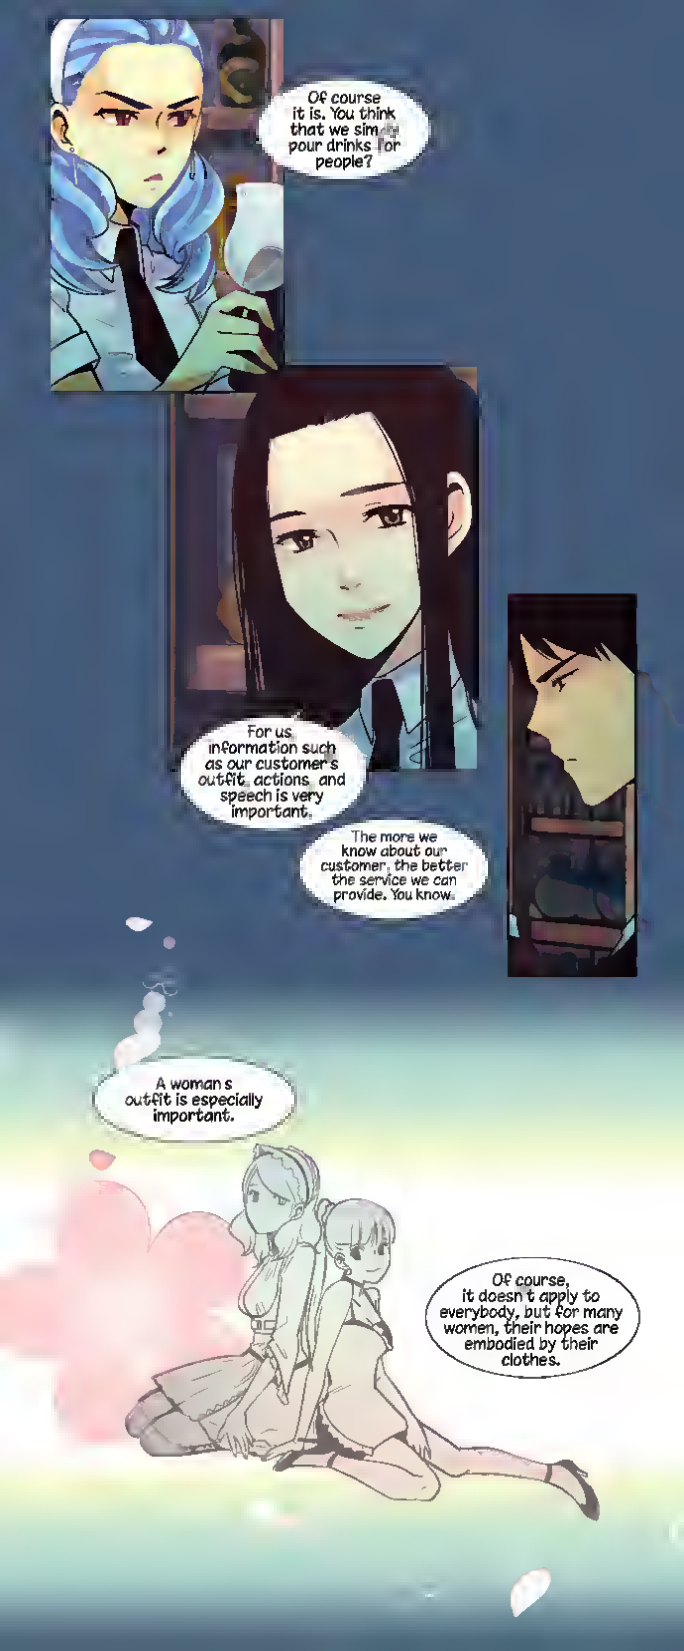
It's dangerous to let her get dead drunk when she came alone.
Helping the customers control themselves is also part of the bartender's job
Well, she also worried me in some other ways
Then how did she get so drunk?
Timid people like to rely on alcohol to vent at times.
She must have wanted to talk to you so much, ShiHan-ssi, that she believed she was drunk even when she wasn't.
Even if it wasn't me...

No. That customer only opened up to you, ShiHan-ssi.
So it had to be you

?

But until the outfit that the customer was wearing... isn't that what the main character in "The Bride's Elegance" ware?
You know, people talked about that outfit because it's super expensive even though it looks like rags!
Yeah. I believe there was a scene where she had a cocktail in a bar wearing that outfit.

Huh. I almost didn't recognize it. That's why you said she looked odd when she came in.
Yes. She wasn't wearing make-up, her shoes and bag were plain, but strangely, her clothes were alarmingly classy.
They looked like originals, too.
Is a customer's outfit that important?



Of course it is. You think that we simply pour drinks for people?
For us, information such as our customer's outfit, actions, and speech is very important.
The more we know about our customer, the better the service we can provide. You know.
A woman's outfit is especially important.
Of course, it doesn't apply to everybody, but for many women, their hopes are embodied by their clothes.

I don't get it. It's not like a person changes with what they wear.
But wearing something special...
...and acting like someone special is what women desire.
For example, a housewife who wears a high school uniform to reminisce, or a girl who wears a dress dreaming of being a princess.

That's when ShiHan saw Mimi's uniform.
Speaking of which, why isn't she wearing those dresses she likes so much?
Since when did she start wearing a uniform?

Could it be?
Could she have taken what I said to heart?
ShiHan never properly listened to Mimi's story. He always denied and doubted her honesty.
But on her part, even when ShiHan spoke harshly she paid serious attention.

When ShiHan realized that he suddenly didn't know what to think

No doubt it's annoying when customers sit for a long time without ordering...

Of course there is the rare unwelcome guest

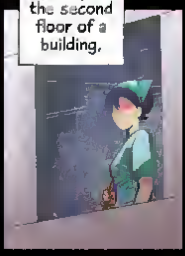
To be honest I don't know much about music.

...but I can definitely tell that his songs are addictive.

A nearby street vendor,

...a lady on the second floor of a building,



...the park keeper.

The crowd was never too big.

It kind of makes me proud to see the crowd increase little by little.

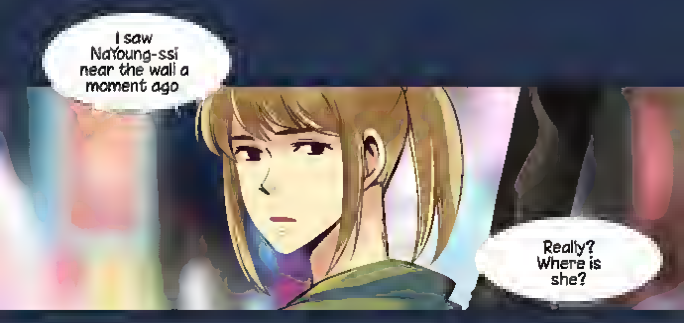
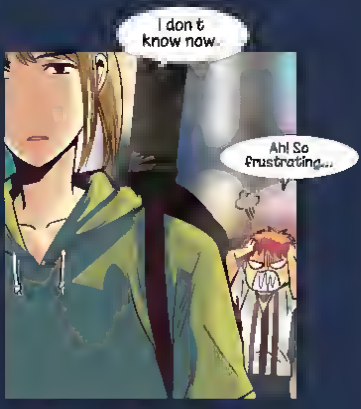
Nice work.
Good work today.

I haven't seen NaYoung nuna lately.
That's because SuHo crossed a line that he shouldn't have.
Can we please refrain from ambiguous statements?

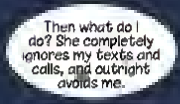


I saw NaYoung-ssi near the wall a moment ago
Really? Where is she?



I don't know now.
Ah! So frustrating...

What are you going to do when you meet her?
It's not like it's a problem you can solve by apologizing to each other.



Then what do I do? She completely ignores my texts and calls, and outright avoids me.

I refuse to let our relationship become awkward and end up never seeing each other.

Anyhow what should we do for the near future? The one who took care of all our make-up and outfits is gone.
It may not be a huge broadcast, but still, we're appearing on TV.
Can't be helped. It's not like NaYoung-ssi is obligated to keep volunteering for us
We should be thankful that she's given us this much of a makeover.
Ah speaking of makeovers, it reminds me of when SuHo hyung invited NaYoung-ssi for the first time.
It was pretty amazing back then.

It's not my business what other band's fans do.
I'm a strong man anyway.

Oh yeah. Collaboration.
But they might be your fans.

You can tell from their clothes.
All those people are Quincy fans.

Musically, the only thing they have going for them is their drums.

Then why do they insist on a warm-up band?
They don't like their performance getting too long.
Anyways, thank you, Na'young-ssi.

Whatever it was, it was your fault. So don't come complaining to me about the change in the lineup!

You know better than anybody that the crowd'll complain if you change the program as you wish.
Quincy says they won't perform unless the order is changed.
Anyways, you guys are on last and that's final.

What? Then could it be that Quincy...

They're on right before you guys.

THAT'S NOT RIGHT!
IT'S OBVIOUS WHAT'LL HAPPEN IF YOU CHANGE IT LIKE THAT!!

Since I saw my favorite, I'm gonna go home.
No fun. let's go.
On top of that, Quincy fans are known for the same crude manners as the band, so they'll all leave as soon as Quincy is done.
When that happens, it's likely that the general audience will also be swept along

With the new lineup, the concert venue will be empty as soon as Quincy is done performing
Nobody will listen to our songs.
Then what he meant back there...
